- **UGC sponsored study center for :**

- Event Management
- Human Rights
- UPSC MPSC exam preparatory lectures
- Government Aided Schemes available

- **Programs under UGC Schemes : Remedial coaching**

Remedial lectures are specially designed for those who are under privileged, belonging to weaker sections or even those who miss their lectures on various grounds. Even slow learners and differently abled students are identified first and then these students are given special attention. Remedial classes are offered for students of low aptitude to enable them to brush the fundamental concepts in core areas. We sometimes come across students, who do not have adequate response to the use of computer as an educational tool. Such students are given special coaching and extra time in terms of teaching and learning in their subjects. They are provided with necessary arrangements for the requisite and additional knowledge to be given in the subject concerned.

Counselling Centre 2017-18

As Counsellor of Lala Lalapatrai College of Commerce & Economics since 2003 I have been meeting students from all courses, B.Com, B.M.S, B.A.F, B.M.M, B.B.I, and B.Sc.IT/CS.

It involves sharing their problems and giving them guidance and support whenever they need it.

Many of them have emotional, financial or personality issues. Giving empathy and listening to them gives them the courage to speak out and unburden themselves.

Lala Lajpatrai College of Commerce & Economics, Mahalaxmi, Mumbai – 400 034.

Career counselling is more popular with the students view as they are confused which field to opt for, and the different career options available.

Career Guidance helps them to make the right decision.

Many a time professors send students who they feel need counselling either because their grades go down, or they stop attending lectures. With some counselling we know the reason and help them to come to terms with their problems and start taking interest in studies again.
